

Hello and Very Welcome to Bredäng Camping Stockholm!

Please take part of our following information about our safety measures regarding Covid-19:

- Expanded cleaning routines of public areas as service houses and kitchen facilities
- Every other sink and washbasin is kept closed to ensure the safety distance in service houses and kitchens
- Only one single person allowed inside at the check in counter on arrival, guests waiting in line may do so outdoors. Hand disinfection is available at the counter
- No member of staff showing symptoms is allowed on the work place
- Signs reminding our guests of the importance of keeping the distance are placed visibly by all public facilities
- Soap and/or hand disinfection is available in all public areas
- If you as a guest in any way are showing symptoms like fever, cough and a runny nose please cancel and re-schedule. We are more than happy to help you swiftly change your date of arrival. Please do so at bredangcamping@telia.com
- Together we are able to create a safe environment and a pleasant stay if we all stick to the important rules: Wash your hands, keep the distance and stay at home if you show symptoms or feel ill.

Thank you for your attention and co-operation!
